ART

COCA

CoCA empowers artists to create and share work with Waitaha communities that deepen connections to our place and our stories.

CoCA's rich 140+ year history provides the foundation for a future supporting contemporary Waitaha and Aotearoa New Zealand artists.

CoCA Toi Moroki engages, inspires and challenges our community by presenting a broad range of contemporary art from established and emerging New Zealand artists.

Our Patrons make an impact. They believe in our kaupapa, and that art and community can connect via CoCA. Patrons help us to deliver transformative arts experiences free to thousands of visitors each year, while nurturing the careers of talented local artists.

In return, CoCA offers a range of benefits for Patrons to enjoy that enables a more meaningful connection with CoCA.
