**CoCA empowers artists to create and share work with our community that deepen connections to our place and our stories.**

---

CoCA Toi Moroki presents a bold range of contemporary art from established and emerging Waitaha Canterbury and Aotearoa artists to engage, inspire and challenge our community.

Our Patrons make an impact. They believe in our kaupapa, and that art and community can connect via CoCA.

Patrons help us to deliver transformative arts experiences free to thousands of visitors each year while nurturing the careers of talented local artists.

In return, CoCA offers an exciting range of benefits for Patrons to enjoy that enables a more meaningful connection with CoCA.
